

SCHÖNES WETTER!

TFA®

DOMINO

30.5034.02 DOMINO Bluetooth Thermo-Hygrometer for Smartphones

Make your smartphone into a climate meter! Download the free app and connect to your DOMINO transmitter via Bluetooth.

For easy indoor and outdoor climate control

The transmitter can be placed outside on the patio, in the living room, child's room, greenhouse or wine cellar. This allows you to monitor the temperature and humidity easily in different locations. In addition, the DOMINO stores the maximum and minimum values too.

Transmission via Bluetooth

Temperature and humidity are transmitted up to 40 m via Bluetooth (BLE 4.0) to your smartphone.

Climate indexes help to evaluate

Additionally DOMINO shows a number of international standards such as the **WBGT Index (Wet Bulb Globe Temperature)** or the **mold index** that can help in the interpretation of the readings.

- **Easy pairing with multiple devices**
- **Continuous update (within the range)**
- **Works with iPhone 4S or later, iPad with Retina or later, iPod touch 5th generation or later**
- **Free app for easy use**

Technical data:

- Measuring range temperature: 0 to +50°C (+32 to +122°F)
- Measuring range humidity: 5 to 99% r.H.
- Transmission via Bluetooth (BLE 4.0)
- Dimensions: 35 (60) x 15 (45) x 96 (100)mm
- Weight: 38g
- Including batteries (2 x 1,5V AAA) and stand
